

Draycott Nursing & Care

Draycott Nursing & Care is the UK's leading nursing and caring agency. Started by Angela Hamlin in 1996, it provides care for clients with chronic health conditions, rehabilitation or respite care all in the comfort and privacy of their own homes.

From July 2009, Draycott Nursing & Care will be offering a unique service to all relatives who find themselves in the role of carer. This is Relatives Lifeline which gives regular free support and advice.

Draycott Nursing & Care is ISO registered and recognized as the market leader for their teaching and educational support in healthcare. With over 100 nurses and carers on staff, Draycott Nursing & Care has their own full time in-house nurse/tutor, Sharron Robertson, who together with Angela Hamlin personally oversees all the educational training.
