

Cold Snap Sore Lips SOS

What with the weather now becoming quite frosty all of a sudden over the weekend, I've noticed my (SiSi) lips become terribly sore OUCH!

My faithful cinnamon and clove [Aveda Lip Saver](#) (£10.50) had run out and crisis set in... what was I going to use? My luxe minty [Crème de la Mer Lip Balm](#) (£36) was only for bedtime and to be used sparingly on special occasions because of its fancy price tag.

[OP Therapy](#) saved the day with their [Lip Restorer](#) (£5.95)... Phew! I haven't let it out of my sight since I got it on Saturday and it's been soothing my sore pout remarkably well ever since, it must be the moisturising emu oil that does the trick! Reminding me of Lemon & Lime Slush Puppies I used to buy as a kid it brings a smile to my face and a feeling of relief on my lips.

Crisis over!!!
